#### A SKILFUL DOCTOR.

I am indebted to Dr. Eserteau, Medical Officer in charge of the French Hospital in Holloway, for my life. I had a deadly abscess in the back near the lobe of my left lung. It was so deep that nothing could be seen. For the first few days I was under the treatment of Chinese doctors, whose remedies produced no effect. At last I consulted Dr. Eserteau, who diagnosed that I had an abscess and had it operated. The operation was done in such a skilful manner that it was healed in a few days.

## KING EDWARD HOTEL MYSTERY.

## SMALL ARSENAL SEIZED.

FOREIGNER WHO SPEAKS ONLY CHINESE.

Something of a sensation was caused among the residents of the King Edward Hotel earlier in the week when the police seized a good-sized arsenal in a room which had been engaged by a European for one night.

The armoury consisted of:—

- 61 Revolvers.
- 9 Mauser pistols.
- 2 "Savage" rifles.

Over 2,000 rounds of ammunition.

The visitor engaged room No. 98 on Tuesday night, paying in advance. Early the next morning he went out and did not return. Sub-Inspector Fallon received information during the day, and executed a search warrant at the hotel. In the room engaged by the European was found a large heavy box. Its extraordinary weight aroused suspicion and the box was forced open. The arms and ammunition were found inside.

In order not to hamper them in their investigation of the case, the police have kept the matter of the seizure "dark" for a few days, and even now decline to divulge the name given by the European.

According to Mr. J. Witchell, manager of the hotel, the visitor arrived at a late hour and booked a room for one night, apparently to sleep there. As already stated, he paid for the room in advance. In the morning he was not to be found.

Mr. Witchell was not prepared to say whether the European was accompanied by a Chinese.

The police are continuing an energetic search for the mysterious stranger.

## THREE ARRESTS MADE.

A strange feature of the case is that the name written in the hotel register for the occupant of room 98 is "General Chan, from Shanghai."

This is undoubtedly a fictitious name. In connection with this seizure, the police have arrested three men in a house in Des Voeux Road. Two of the arrested men are Chinese, while the identity of the third is a mystery to the police. He has the appearance of a European or American, but gave the police a Chinese name. This man speaks Cantonese fluently and claims Chinese nationality. According to him, he could not speak any other language but Chinese.

All three men have been allowed bail in the sum of \$1,000 each, and will come before Mr. R. E. Lindell next Friday. Mr. Leo d'Almeida has been instructed for the defence.

## PALACE HOTEL RAID.

## MORE ARMS SEIZED.

Another seizure of contraband arms, believed to have some connection with that at the King Edward Hotel, was made by Sub-Inspector Shumway of the Tsimshatsui Police Station. He executed a search warrant at the Palace Hotel, Kowloon, simultaneously with Sub-Inspector Fallon's search at the King Edward Hotel, on Tuesday, and discovered in a box in one of the rooms four Smith and Weston revolvers, one Luger pistol and 2,412 rounds of ammunition.

In connection with this case, a Chinese has been arrested, while a European, whose name the police decline to divulge, is being detained on suspicion.

This case will come before Mr. R. E. Lindell for hearing, on Monday morning.

## PROSPECTUS.

(a) This Company has been formed principally to promote the use of reinforced concrete in building and engineering work generally. This form of building material is greatly in favour in Europe and America for its cheapness and the saving in time in erection. It should be especially in demand in tropical places owing to its great resistance to the deleterious influences of the climate and to the attacks of insects such as white ants, etc. It seems therefore an ideal material for Hongkong as a substitute for the expensive and often inferior materials at present in use. Houses are particularly suited in Hongkong at the present time and there should be no lack of work for a Company such as this. The Company has already large contracts in view both for fresh work and work in process of construction which it hopes to secure. The Company is empowered by its Memorandum of Association to do all kinds of engineering, building and architectural work and for the objects it has in view a large capital will eventually be required.

The Company has acquired as a going concern as from the 13th day of September, 1922 the business of Louis Gain, of St. George's Buildings, Victoria, Hongkong Architect, Civil Engineer, Consulting and Structural Engineer and Reinforced Concrete Expert, the purchase price for which will be paid and satisfied by the allotment to him of Five hundred shares of the Company credited as fully paid up. Of these Four hundred and fifty shares are for the goodwill of the said business. The contract for the acquisition of this business is dated the 21st day of October, 1922, and made between the said Louis Gain of the one part and Walter John Hawker as Trustee for the Company of the other part. A copy of this contract can be inspected at the office of the Solicitors to the Company at any time during business hours.

The Company has entered into contracts to secure the services of experts in reinforced concrete work.

(b) The minimum subscription on which the Directors may proceed to allotment is seven shares.  
(c) The shares now offered for subscription have been underwritten by the Directors and Sir Catchick Paul Chater, Knt. C.M.G., and Mr. James Harper Taggart for a commission at the rate of Two per cent. on the amount thereof in proportion to the shares taken by them for which they have subscribed the Memorandum of Association and such commission is payable by the Company.  
(d) No other commission or promotion money will be paid by the Company.  
(e) The Company is to pay the preliminary expenses of and incident to the formation and floating of the Company down to the time when it becomes entitled to commence business and the estimated amount thereof is \$5,000.

(f) The Articles of Association provide that the qualification of a Director is to be the holding of 1,000 shares in the Company and that the remuneration of each of the Directors is to be \$1,000 per annum.

(g) The Directors are interested in the promotion of the Company to the extent only that they or some of them are Directors of other companies with whom the Company may do business.

(h) Copies of the Memorandum and Articles of Association of the Company can be inspected at the office of Messrs. Deacon, Looker, Deacon & Harston, Solicitors for the Company at any time during business hours.

(i) A copy of the Company's Memorandum of Association is annexed to the prospectus and forms part of it.

(j) Application for shares should be made upon the form accompanying the prospectus and sent to the Company's Bankers together with a remittance of \$2.50 per share the amount of the deposit.

Where no allotment is made the deposit will be returned in full and where the number of shares allotted is less than the number applied for a proportionate amount of the deposit will be returned.

(k) Prospectuses can be inspected at and forms of application obtained from the Company's Bankers, the Hongkong and Shanghai Banking Corporation and at and from the temporary offices of the Company in Powell's Building, Des Voeux Road, Central, Hongkong.

This prospectus has been duly filed with the Registrar of Companies.

Dated the 26th day of October, 1922.

## CHILDREN'S CORNER.

My dear Children,  
I wonder if any of you have ever made a little doll that can dance to music? This is how it is done: From a bottle cork cut out the head and upper part of the body of a doll. Two small pieces of wood or two matches should be fixed in position to form the arms. Into the bottom of the cork push four long stiff bristles such as could be cut from a brush. These bristles should be of equal length. Paint a face on the head of the doll, which can afterwards be clothed with bright paper garments. These can be held together with a little gum. When the doll is finished stand it on the top of a piano and play a brisk tune. It will dance about in a most lively manner. The doll may also be made to dance by standing it on the table and strumming on the wood with the fingers.

If any of you take the trouble to make this do let me know what you think of it.

Your loving  
PETER PAN.

## ANSWERS TO CORRESPONDENTS.

Edna Battala. It was nice of you to write and tell me how pleased you were with the Soap and Soap story that I wrote for you. No, I cannot guess your riddle, although I have puzzled my brain over it. So will you sometime let me know that answer?

## PEGGY'S HALF CROWN.

Peggy and her two brothers lived in a country town. It was a quiet little place and things always went on much the same and for the children the great excitement was a fair which was held there twice a year.

Peggy, who was eight years old and younger than Philip and Gerald, who were eleven and twelve, always liked to do everything that the boys did. She could swim as well as they could, for they lived near a river and often went bathing. She could run nearly as fast too though they generally gave her a start. She could play cricket as well only she was not much good at throwing.

It was a day or two before the spring fair and they were all looking forward to it, especially as an uncle who had been staying with them had given each one half a crown so that they had plenty of money to spend.

"It was lucky for us that Uncle Ted was here," said Gerald as he looked in his money box for about the twentieth time to be sure that his precious half crown was safe.

"I don't ever remember having so much money," said Philip thoughtfully.

"I don't either," echoed Peggy. And they began to discuss what they were going to do with it. There were always so many rides to see and coconut shies and merry-go-rounds.

"This year we shall be able to do and see everything," said Peggy, for half a crown seemed to her an enormous sum of money.

They all woke up early on the fair day and were soon ready for breakfast for they had about a mile to go and the fair started at ten and they did not want to miss anything. Their mother was going with them and she drove them in the pony cart until they came to the village inn where they put up the pony and trap and then walked on to the fair which was always held in a large field behind.

"Come along children," said their mother. "We will have a look at the stalls first and then you can go on to the coconut shies which I know you always like as much as anything."

They wandered round looking at all the brightly coloured toys and things displayed and Peggy lingered behind to have a good look at the doll stall which did not interest the boys.

As she turned away she felt something drop out of her pocket (which she discovered afterwards had a hole in it) and there on the ground lay her precious half crown. "It was just about to stoop down when a little girl in a ragged old frock and with no shoes on stockings on picked it up and gave it to her. Peggy thanked her

and said, "I don't know what I should have done if I had lost that." "If I had all that money I know what I'd do," put in the little girl. "What would you do?" asked Peggy curiously.

"Buy something to eat," she replied with a hungry look which made Peggy who had never been hungry in her life, feel rather uncomfortable.

"None of us ain't had any breakfast," she went on.

"Who are 'us'?" questioned Peggy.

"Why Mother and Mike and me," the child answered. "Mother's ill and we have to get what we can running errands."

"Take my money," said Peggy generously, handing it to the little girl. "And then you can buy lots and lots of things." And Peggy had rather a lump in her throat as she said this for she too had meant to buy lots and lots of things.

"What is all this Peggy?" asked her mother who had come back to see what was happening, and when her daughter had told her all about it, she spoke to the little girl and found out her name and where she lived and said that she would come and see her mother later, and that she had better run and buy some food for them all quickly.

When Philip and Gerald heard what Peggy had done they said that she should share their money. They insisted on her having some for the coconut shies although Peggy did not throw well as a rule.

"I am sure that I shall not get anything," she said. But that day she seemed to be lucky for she brought down three coconut shies and they carried them home in triumph at the end of the morning.

As for the poor little girl, Peggy's mother went to see her mother and gave her medicine and strengthening food and, when she was well again, found some work for her to do.

## RUSSIAN FOLLIES AT KOWLOON.

The talented Russian dancers who were at the Theatre Royal for two nights this week are to appear at the Kowloon Theatre on Sunday and Monday. They will offer a quite different programme and on each day there will be two performances—a matinee and an evening show. Prices have been fixed at two dollars and one dollar, children half price.

## A HABIT WORTH WHILE.

Have you the habit of daily regularity? If not, practice it, for ill health surely follows its neglect.

To restore the regular habit take Pilsner for a few nights; careful diet and moderate daily exercise will do the rest.

As a remedy for constipation (liverishness, sick headaches, biliousness and foul breath) Pilsner, the dainty little gentle laxative, is perfect. Chemists sell them, or post free to the Editor, from Dr. Williams' Medicine Co., 90 E. 17th St., New York.

## CRICKET.

### LEAGUE MEETING.

A large attendance of representatives of the affiliated Clubs was present at the annual meeting of the Hongkong Cricket League, which was held in the H.K.C.C. pavilion yesterday evening.

H. E. the Acting Governor (Hon. Mr. Claud Severn, C.M.G.) was in the chair.

In proposing the adoption of the report and Balance-sheet, His Excellency said that last year seven teams entered for the first division, viz., the Kowloon Cricket Club, Civil Service Cricket Club, R.G.A., Chinese Recreation Club, University, Craigengower and the Indian Recreation Club. Six teams entered for the second division, viz., Kowloon Cricket Club, Civil Service Cricket Club, R.A.M.C., Police, Chinese Recreation Club and the Indian Recreation Club. Both divisions were a very fine performance. The accounts showed a credit balance of \$252 30.

This was mainly due to the kindness of Mr. Taylor (the Hon. Secretary) who had presented the medals for the winning teams at his own expense. (Applause.) To Mr. Taylor were due the best thanks of the meeting for his generosity.

Mr. Mitchell seconded the adoption of the report and balance sheet and the motion was carried unanimously. On the motion of Mr. Mitchell, seconded by Mr. Taylor, H.E. the Officer Administering the Government was unanimously re-elected President of the League for the ensuing year.

Mr. R. E. O. Bird was elected Vice-President on the motion of His Excellency, seconded by Mr. Sara.

Referring to the post of Hon. Secretary, which had become vacant owing to the retirement of Mr. Taylor, His Excellency said that Mr. Taylor had held that post for nine years and during that period had done good work for the League. He was responsible for drawing up a new set of rules after the old set had been lost. He proposed that the meeting accord Mr. Taylor its best thanks for his services.

On the motion of His Excellency, seconded by Mr. Sayer, Mr. E. J. R. Mitchell was appointed Hon. Secretary.

A list of the teams willing to take part in this season's league fixtures was then taken. For the first division the following teams entered: Hongkong Cricket Club, Kowloon Cricket Club, Civil Service Cricket Club, R.G.A., Chinese Recreation Club, University, Craigengower, Indian Recreation Club and the Navy.

The following entered for the second division: Kowloon Cricket Club, Civil Service Cricket Club, University, Indian Recreation Club, Royal Engineers, the Police.

On the motion of Mr. Sayer, seconded by Mr. Yau, it was decided that each team in the first division should play its opponent once. His Excellency suggested that play commence on November 25 and that two matches be played off before Christmas and six in the New Year.

His Excellency then announced that last year the Kowloon Cricket Club won an imaginary shield, there being no shield at the time to present to the winners. This difficulty had been overcome by the Kowloon Cricket Club having presented a handsome shield to the League. The K.C.C. were worthy of their best thanks for their kindness. A vote expressing appreciation was carried with applause.

It was decided that the names of right first division players should be sent in to the League Secretary by each Club. This was done with a view of preventing first division players playing in second division teams.

In the second division it was decided to play both home and away matches.

### A DULL FORTNIGHT.

The fortnightly trade report issued by the Hongkong General Chamber of Commerce states:—

Cotton piece goods and fancy cotton goods: There is no change in our market, and only a few transactions in dyed goods are reported during the interval. There is nothing doing in Greys and Whites. Cotton is quoted at 14/6d. per lb.

Cotton yarn:—After the heavy sales of the last fortnight, a lull has set in and only a small business has been transacted. Prices, however, have improved from \$1 to \$2 owing to a further drop in the exchange.

Quotations are:—  
No. 10s. \$148/170. No. 12s. \$166/175. No. 16s. \$180/191. No. 20s. \$173/156.

Arrivals 2,000. Shipments nil. Sales 3,000 bales.

Unsold stock 11,000 bales. Bargains 6,000 bales.

Raw Cottons—Market bare of Stocks. Nominal quotations:—Indian descriptions at \$30/35. Chinese grades at \$32/33.

Metals—Market is quiet, the lower exchange making prices higher than dealers will now pay. Demand from consuming districts is poor, with dealers inclined to sacrifice parcels to clear.

# EARLIER TELEGR. MS

(Reuter's Service to the China Mail)

# SHANGHAI MIXED COURT.

PEKING, October 26th.

The Waichiao (Chinese Foreign Office) has sent a communication, dated October 26th, to the Diplomatic Body proposing a modification of the Mixed Court regime to Shanghai. The proposal is based on the so-called five original points, with certain modifications.

The original points were contained in written communications, sent to Sir John Jordan in 1913 and 1914, which Dr. W. W. Yen reiterated verbally in 1921. It is asserted that the Waichiao's action has now been taken in response to strong representations made by Chinese merchants in Shanghai, supporting certain foreign interests, including German.

# SIR BELBY ALISON SAHS FOR ARGENTINE.

SHANGHAI, October 26th.

Sir Belby P. Alison, sailed from Shanghai for Buenos Aires today.

# SEAMEN'S UNION OFFICIAL ARRESTED.

SHANGHAI, October 26th.

Yi Heuh Lai, Treasurer of the Chinese Seamen's Union at Shanghai, has been arrested on a charge of publishing a pamphlet libelling one of the directors of the China Merchants' Company.

# BONAR LAW'S POLICY.

LONDON, October 26th.

In concluding his speech Mr. Bonar Law said that the Unionists would fight as a united party, but he did not object to the Unionists and National Liberals co-operating in individual areas if there were an agreement giving them fair representation.

The ex-Premier's failure up to the present to give a clear lead to his followers, has resulted in evidence of disruption in their ranks and some of them are pledging their support to local Conservative while others are seeking reunion with the Independent Liberals.

# EMPIRE DEVELOPMENT.

LONDON, October 26th.

Some particulars of Sir Alfred Mond's Empire development scheme, which, according to Mr. Lloyd George would have been submitted to Parliament had he continued in office, have now been published.

Sir Alfred Mond was of the opinion that the best chance of building up trade within the Empire, the essence of his scheme was the promotion of a loan of from fifty to one hundred million sterling, guaranteed by the Imperial Government.

The proceeds of this loan were to have been utilised to enable the Colonies, especially the African Possessions, including those acquired from Germany, to develop their resources more completely than at present by the construction of roads, railways and harbours. By this means work would have been found for a portion of the million unemployed in Great Britain, whose support is costing nearly £100,000,000 annually.
